

SENSORS

• Sensor developed to work with the latest DALI specification• Monitoring of ambient light and motion detection• Remote control interface allowing infrared remote controlinteraction• Individual adjustment of the parameters with configurationsoftware• Power supply via DALI line• Shutter for preventing movement detection in one directionincluded• Small dimensions allowing easy and inconspicuous integration inluminaries• Wide range of accessories allowing extended application range

Item code	**86.SD07.0000.01**
Product type	**Indoor**
Category	**Drivers & Components**
Family	**DALI COMPONENTS**
Subfamily	**SENSORS**
